

THE LIFE COLLECTION

YEAR ONE - THE BABY PLAN

Vanessa Honda Photography

WELCOME...

To parenthood. To squeaky little cries and pudgy sweet hands - to stinky diapers and wet kisses and a bundle of love so warm and precious your heart aches.

It's a great place to be.

As a mom of three, I understand the awesome blessing that is motherhood. I know the thrill of each giggle and smile, and the longing you feel to capture these precious days before they slip away. That's why I created "The Baby Plan", a series of sessions during your baby's first year of life... so you won't miss a thing.

Take a few moments to look through the following information. When you're ready to invest in "The Baby Plan" for your family, contact me and I'll secure your space on our calendar. Oh, and if you need tips on making homemade baby food? I can help with that too.

Sincerely,

Vanessa Honda

WHY DO WE DO IT?

With a value of over \$1050, it may seem crazy to offer so much for so little, but not to us! We see this as our chance to introduce you to our services. We don't invest in advertising. We invest in our clients and they are the ones who spread the word about their great experiences and the artistic images they love. Our hope is that we can invest in you and we'll both reap fantastic rewards! We look forward to welcoming you as a client.

NEWBORN SESSION

* An intimate session at your home or mine

When you book your “Baby Plan” plan, we will record your due date on our calendar and be sure to leave plenty of time for your session.

Contact us when your baby is born and we will schedule an appointment in your home within the first 10 days after birth. This is the ideal time for snuggly, balled up baby photos.

Suggested clothing? Nothing (diaper optional)! Simple onesies can also be worn, and favorite blankets and knit hats make great accessories!

SIX MONTH SESSION

(a.k.a. “The Personality Session”)

Six months (or when baby is sitting well) is an exciting age for photos! Personalities are shining through and most babies can sit up but not walk, which means the sessions are fun & easy!

This is a great time to bring any special toys that might have meaning to you or your baby. It's also a great session to show off cute outfits, bows and hats as well!

ONE YEAR SESSION

The final session from your baby's first year will be a creative one. Parents usually bring a special outfit (or two). We'll get those sweet close-up shots, and also some unique location images that Vanessa Honda Photography is best known for.

*If you would like to bring a birthday cake to put a messy, yummy end to the session, let us know beforehand and we'll plan a special spot just for that!

BONUS!

Get a free family session add-on with your six-month session! No extra charge to add siblings. A perfect time to purchase a wall portrait of your new, growing family.

"YOU ARE A UNIQUELY TALENTED PHOTOGRAPHER AND I TRULY APPRECIATE YOUR PATIENCE AND DETERMINATION. YOU GENEROUSLY TAKE A MULTITUDE OF PHOTOS AND THEN MANAGE TO TURN SO MANY OF THEM INTO MASTERPIECES. I THINK THAT WHAT SETS YOU APART FROM OTHER PHOTOGRAPHERS HOWEVER, IS YOUR ABILITY TO TAKE THE PHOTOS TO THE NEXT LEVEL AND MAKE THEM TELL A STORY. YOU HAVE CAPTURED SUCH BEAUTIFUL AND SPONTANEOUS EXPRESSIONS ON MY CHILDREN'S FACES."

FAQ

CAN I ADD MORE SESSIONS?

Absolutely! Popular additions are maternity, in-hospital, 3 or 9 month sessions. Added to your "Baby Plan" program, these are \$100 each.

DOES THE NEWBORN SESSION HAVE TO BE AT MY HOME?

No. If you have a friend or family member who has a home where you would prefer to be photographed, we'll be happy to come there instead. Or you can bring your newborn to my home where I have a studio set up with lots of props to choose from. A location with great window light is a big plus!

HOW DO I SEE MY IMAGES?

Two to three weeks after your session your images will be ready to view! You have the choice of viewing in an online, password protected gallery, receiving paper proofs (with deposit) or you may come to my home for a proofing & purchasing session. Please bring anyone with you who would like to purchase images.

WHAT DO PEOPLE USUALLY PURCHASE?

Our most popular products for babies are birth announcements, image boxes, wall groupings and albums. Of course, gift prints for grandparents are a necessity! A typical sale is \$600-\$2200, but there is no minimum purchase requirement. Payment plans are available.

AFTER THE FIRST YEAR, HOW OFTEN SHOULD I HAVE MY CHILD PHOTOGRAPHED?

Our recommendation is again at 18 months and then once a year until the age of six (when they start school). After that, we recommend a family portrait once a year, when we'll also take a few photos of your children individually.
